$\lambda \ \lambda \ \lambda$

Are you there ?	Yes.
-----------------	------

Do you see rules between questions ?	Yes.
--------------------------------------	------

Can we write snippets of <i>Haskell</i> \rightarrow <i>Code</i> ?	Seems so.
---	-----------

Can we write bigger blocks like this one:	Yes indeed.
---	-------------

```
module Main where
putStrLn "Hello, World!"
```

Do we have the test status coloured bullets ?	Let me check: ■ checked ■ checked ■ checked Yes we have.
---	--

Good! Then can we go on ?	Let's go!
---------------------------	-----------
